

TREE EXPERIENCE

- A DAY OF FUN AND LEARNING AT ADVENTURE PARK -

FIESOLE (FI)

The tree experience program provides schools with the possibility to spend a morning outside in the wilderness in an adventure park with various different 'tree experiences' meaning that children will be provided with the opportunity to climb trees hang on ropes climb through tunnels swing through trees all this is a perfect opportunity for children to build up their coordination their group dynamics, their solidarity but primarily their courage!!! Tree experience provides this yet all in absolute security. During the afternoon on the other hand the children will be able to experience the nature around them and the countryside that they may not have otherwise had such ample opportunity to examine with some didactic activities.

THE LEARNING EXPERIENCE

Schools will have the opportunity to choose from various activities at the moment of the booking.

Vinciagliata's surrounding forest

Our adventure park is situated in the woods of Vinciagliata a place of great interest both visually and historically/culturally it is also a reserved area and has been as such for many decades. During the school trip the group will be at liberty to observe the animals and plants alike that are native to Tuscany.

The firenze rockbase

We would be taking the group into the 'Cave di Maiano' and 'Montececcheri' an area highly regarded for its geological value seeing as this particular area has provided Firenze and much of Tuscany with stone for many decades even centuries.

Carta che ti passa

This is a program called orienteering that in many parts of the world is being used in harmony with schools and their curriculum seeing as it holds many educative properties some of which are the ability to perceive your surroundings critically and analytically. What this program consists of is basically that the group is presented with a map and a compass there is a point on the map that is clearly marked the children will have to find that point without any prior knowledge of the area they are travelling in.

PARCO AVVENTURA VINCIGLIATA
Via di Vinciagliata
50014 Fiesole (Firenze)
